Patient Payment Options:

For Health Insurance:

- We will file all billable services rendered for all insurance companies that we are in network with. If we are not in network with your insurance company, we have several other options in order for you to receive/continue your care with us. We will also provide a print out of all services rendered in order for you to self submit to your insurance company, and receive out-of-network benefits. Please see below to find the payment option that works best for you.

Out-of-Pocket Options:

- Pay-as-you-go – This option allows you to pay at the time the services are rendered with a 10% discount.
- Pay-in-advance – This allows you to receive a 25% discount for all future services by paying in advance for the services recommended in your Corrective Care Plan. If this option is chosen, we will allow you to pay for half of the total amount today, and the second half in one month.

Care Credit:

- If none of the above options work for you, we also have Care Credit available. Much like a credit card, this is a patient payment plan that allows you to begin treatment right away while making monthly payments towards the balance, with no interest for up to 12 months and almost instant approval. This amount will also be based off of a care plan recommended to you by the doctor. Care Credit can also be used along with your insurance company. If you are interested, we will be happy to give you more information about this payment plan option.

Auto Accident Options:

- Personal Injury Protection (P.I.P.) – This is provided to you by your auto insurance. It is there to protect you when injured. By law, your insurance company cannot raise your monthly premiums/rates if you choose to use this option. The only information that we need from you is the name of your insurance adjuster for this injury, the claim number for this case, and their contact information. We will take care of the rest!
- No P.I.P. – If you think or are told that you do not have P.I.P. coverage, your auto insurance company must provide you with the documentation with your signature to confirm. Once this has been presented to you, then the out-of-pocket payment options are available, in addition to Care Credit.

By signing below, you are agreeing to the above marked payment option and will pay accordingly to its terms. You are also agreeing to make our staff aware of changes that affect your chosen method of payment before that days appointment, or you will become responsible for 100% of all changes rendered.
